

Short Term Course in “Introduction to Linguistics”

to be held at the

Department of Linguistics, Deccan College, Deemed University, Pune

06 - 16 May 2019.

Linguistics is the study of language. We explore the knowledge of sounds, and how words, sentences, conversations etc. are produced and the processes involved in it. We study how we use language to express meaning and applications of Linguistics in various other branches.

The short term course will include discussions of the sound system of language and its structure, structure of words, sentences, meaning, meaning in context and applications of language study in technology, translation, media, society, language families, historical linguistics, etc. This course will give the participant a basic understanding of Linguistics.

This course will be beneficial for those who are interested in understanding the linguistic approach to language study with a view to teaching or researching on language. Also for those candidates who are currently working or are planning to work in areas related to language, pronunciation, grammar etc. The course will help participants to develop a general awareness about their own language and about language in general.
